MONTHLY DISCHARGE MONITORING REPORT - NPDES PERMIT NO. CO-0001333 - ACC-128-98

Action: Transmit to EPA and CDPHE

The August 1998 Discharge Monitoring Report (DMR), required by the Rocky Flats Plant National Pollutant Discharge Elimination System (NPDES) Permit is attached.

During the month of August 1998, there were no discharges from Ponds B-5 (Outfall 006) or C-2. (Outfall 007). Pond B-5 was pumped transferred to Pond A-4 from August 3, 1998 – August 9, 1998. Pond A-3 (Outfall 002) discharged from August 3, 1998 – August 7, 1998, and Pond A-4 (Outfall 005) discharged from August 26, 1998 - August 31, 1998. There was continuous discharge from the Sewage Treatment Plant (Outfall STP) and Pond B-3 (Outfall 001) during the reporting period.

It is necessary that the Principal Executive Officer sign and date the letter and the DMR forms. Per verbal request of the EPA, forms for those discharge points which were not active are included with the notation of "No Discharge." Additional monitoring data, as required by the NPDES Federal Facilities Compliance Agreement, is attached on a separate sheet. The NPDES permit requires that the report be postmarked no later than September 28, 1998, and be sent to the following:

U.S. E.P.A., Region VIII (8ENF-PT)

Environment

999 - 18th Street, Suite 500 Denver, CO 80202-2405
